Team Meeting

Meeting called by:	Angelo	**Type of meeting:**	Introductory
Facilitator:	Marian	**Note taker:**	Dom
Timekeeper:	Shafie		

Attendees:	Angelo, Marian, Dom, Shafie
Please read:	Meeting Minutes, Team Projects.pptx
Please bring:	Enthusiasm

Minutes

Agenda item:	Project Prompt	**Presenter:** **Angelo**

Discussion:

The Department of Homeland Security has committed to 12 cloud service offerings, including nine private cloud offerings and three public cloud offerings, as part of its commitment to the White House's "Cloud First" policy. By moving its disparate dev and test systems into a private cloud, DHS anticipates being able to greatly accelerate the delivery of new software and services. Server provisioning time should decrease from six months to a day, and the service will include on-demand testing and app management. Your team is asked to submit a tech proposal to the department of homeland security for a cloud implementation project.

Who is going to do what on the presentation
What the technology is
How would you use the cloud service
How is better than traditional
How to implement the cloud services (how to transition from standard to cloud uploading, access, security clearance)
Discussed about each other

Conclusions:

First week stuff team building, problem discussion

Action items	Person responsible	Deadline
✓ Create Base Slides + Template	Marian	Next Meeting
✓ Github	Dom	Next Meeting
✓ Gather Sources for Cloud Usage	All	Next Meeting
